Apartment Guide - Access & Climate

Door locks, air conditioning & safe box

1. Main Door Lock:

The front door lock automatically latches upon closing. Push or pull firmly to ensure it catches properly. Important! Always carry your keys with you when stepping out to prevent lockouts.

2. Air Conditioning & Climate:

The apartment features two split AC units (living room & bedroom) with hot/cool modes.

Turning On:	Use the remote control for each unit. Press power and select COOL or HEAT mode.

Recommended Temp:	Set to 24 °C (75 °F) in summer and 22 °C (71 °F) in winter for optimal energy efficiency.
--------------------------	---

Common Mistakes:	Do not operate AC units with windows or balcony door open. This overworks the compressor and reduces cooling efficiency.

----------------------	---

3. Bedroom Safe Box:

A mechanical key-operated safe box is located inside the bedroom closet for your valuables.

Note: The key to the safe is attached to your main apartment key ring.

4. High-Speed Wi-Fi Connection (300 Mbps Fiber):

Network Name (SSID): Cordoba5579_Guest

Password: Welcome101

Scan the QR code on the left with your phone camera to automatically connect to the Wi-Fi network without typing the password manually.

5. Sofa Bed Setup Guide (Living Room):

Step 1
Remove backrest cushions
and set aside.

Step 2
Pull the lower metal handle
upward and outward.

Step 3
Unfold the metal frame leg
supports onto the floor.

Step 4
Extend the foldable mattress
completely.

Step 5
Place the 600-thread-count
Egyptian cotton sheet set.

Step 6
Arrange extra pillows
(located in bedroom closet).

FOLDING SAFETY TIP:

Local Tourist Survival Tips

Money, transport & essential tips

Essential information for international travelers visiting Buenos Aires:

PUBLIC TRANSPORT (SUBE Card)

In Buenos Aires, buses and subways do not accept cash. You must buy a rechargeable SUBE card (available at subway stations or large kiosks) and top it up before riding. One card can be shared by multiple travelers on the same journey.

MONEY & EXCHANGE RATES (USD in Argentina)

Argentina operates with multiple exchange rates. Key options for tourists:

- Official Dollar: Traditional bank rate, least favorable for tourists.
- Blue Dollar (Parallel): Free market rate, higher value. Traded in cash at exchange houses.
- MEP Dollar (Card): The recommended option! Paying with foreign credit/debit cards (Visa/Mastercard) automatically converts your spend at near-Blue rates. It is safe, legal, and convenient for restaurants and supermarkets.

Scan the QR code to check real-time exchange rates.
